

Overview: The goal of Clean the D is to improve the aesthetic appearance of Eight Mile Road. Last year more than 300 volunteers tackled projects which resulted in fire hydrant painting, mini makeovers, and flower beds planted, and trash picked up from area streets. Below is a schedule of events for the Clean the D initiative.

Volunteers: There are many volunteer opportunities for individuals and corporate teams. Persons interested in volunteering don't need a green thumb just a desire to make metro Detroit a better place to live, work and play!
